

Black Decorative Gravity Baseboard Register Information

BLACK GRAVITY BASEBOARD PACKAGE INCLUDES

- (1) Baseboard Frame
- (1) Multi-Fin Damper Register Insert
- (2) #6 x ¾" Phillips Black Head Screws
(installs insert into frame)
- (2) #8 x 3" Phillips Head Screws
(installs frame into wall)

INSTALLATION INSTRUCTIONS

Remove items from box. You will first need to install the Baseboard Frame.

Place Baseboard Frame against the wall centered. Mount the Baseboard Frame using the #8 x 3" screws using a #2 Phillips-Head Screwdriver. Wall anchors are not required, but may be needed (not included).

Place the Register Insert into the Baseboard Frame. You can install the damper control towards the top or bottom depending on the direction you would like the fins to point. Screw in the #6 x ¾" Black Head Screws into the Baseboard Frame using a #1 Phillips-Head Screwdriver.

****Do not over
overtighten screws.
This may dent frame.**
